

MAYSVILLE OFFICIALS WILL ATTEND MEET AT MANCHESTER

Mayor Russell and City Councilmen Will Motor to Manchester With Business Men in Interest of River Route for Proposed Highway.

Mayor Thomas M. Russell was in telephone communication with the president of the Manchester Business Men's Club Friday evening and arrangements were made for the Mayor and his official cabinet to attend a meeting and banquet to be given by the Manchester business men in that city on next Monday evening in the interest of the river route for the proposed trans-continental highway through the state of Ohio.

Representatives of Ripley, Aberdeen, Higginsport and other river towns will attend the meeting and a representative delegation will be chosen to attend a meeting in Cincinnati on next Saturday at which time arguments will be offered for the various proposed routes through Ohio for this new National highway.

Besides the city's official family, there will be a number of business men headed by County Agent Kirk, attend the Manchester meeting and it is expected that the meeting will be a very helpful one in bringing the river towns closer together.

As Monday is Labor Day and a holiday, City Council will only meet and adjourn and take up its regular business at an adjourned meeting probably to be held on Tuesday evening.

BIGAMY CHARGE FORMS GROUNDS FOR DIVORCE SUIT

Woman Charged With Bigamy By Husband Asks Divorce Citing These Charges as a Part of Grounds.

Mrs. Cora Fultz filed suit late Friday in the Mason Circuit Court asking an absolute divorce from her husband, William Fultz, who recently filed affidavits in Police Court as grounds for a warrant charging his wife with bigamy.

As grounds for the divorce sought in the Circuit Court action, the wife charges the husband with cruel and inhuman treatment and further states that "without any reasonable grounds so to do, the defendant, seeking to rid himself of this plaintiff, charged her with a felonious offense, to wit, bigamy, hoping to have her incarcerated, however unjustly and unlawfully, in the state penitentiary although she is innocent of any such charge."

The prayer is for an absolute divorce, costs, attorneys' fees and all reasonable relief.

FAREWELL DANCE.

Messrs. William Smith, Jr., and Robert Poyer as a committee for the Maysville Assembly Club will entertain with a farewell dance on the night of September 12 at beautiful Beachwood, the hours being from 9:30 to 3. This will be the last dance of the season at this popular resort and the time for the frost on the pumpkin and the fodder in the shock will be close at hand.

Tad Tieman and his sextet, deluxe entertainers at the Cincinnati zoo during the summer months, will be on hand to furnish the music and this is sufficient evidence that every one is expecting a big time.

SCHOOL HEAD ANNOUNCES READY FOR THE KIDDIES

Superintendent Caplinger Has Word For Students and Their Parents On Opening of School Tuesday.

Prof. W. J. Caplinger, Superintendent of the Maysville Public Schools makes this announcement on the opening of schools:

Maysville Public Schools will open Tuesday morning at 8:30.

The work in the grades will be to qualify all irregular children, examine some who may need to take examination and give out the book lists to all children. These children will be expected to get their books Tuesday afternoon at the two local book stores, De Nuzie and J. T. Kackley & Co.

The High School students will meet in the auditorium for the adjustment of the year's schedule of studies. We are requiring this year, that all students excepting those working for a Commercial Diploma take at least two years of a language other than English and that all students take World History. At the opening of school, Principal Geo. J. Noel will give to the students the requirements of the four different courses—Scientific, Classical, English and Commercial. All that expect to receive a diploma from the High School must complete one of these courses as given on this outline.

In the grades we will have four new teachers, Misses Edith and Margaret Wood, Miss Elizabeth Ross and Miss Hilda Tucker. The Misses Wood are teachers of several years' experience, while Miss Ross and Miss Tucker have had only one year's experience. However, both of them are graduates of High School and have had some normal training, consequently, they are the type of teacher that we like to get established in our system.

Our High School faculty will have fewer new teachers than usual. Miss Nancye Furlong will handle the Commercial work and Miss Mary Page Maltby the History Department. Miss Furlong holds a Commercial Diploma and has taught in the Commercial Department of the Mason City, Iowa, schools for two years. She comes to us highly recommended by the superintendent of that city. She is a teacher of several years' experience in the public schools before she took up Commercial work. This department will have its full quota of typewriters the coming year. During the war, we economized by doing without three of our machines, thus reducing our original number from ten to seven. Last week, three new Underwood Typewriters were installed thus making our quota at the pre-war basis of ten. After Miss Maltby graduated from the Maysville High School she spent four years in the University of Texas, graduating from there June, 1920. Miss Maltby majored especially in History and Government, which qualifies her prominently for the work that she had been selected to teach. Jennie White a graduate of our Colored High School, will be the Domestic Science teacher at the Colored High School. Prof. Humphrey considers her one of his best graduates and one we hope to train into being a skilled teacher of that department.

The janitors are putting the finishing touches on all of the buildings for the final inspection of the Committee of the Board.

Monday morning, at 9, there will be a Teachers' meeting at which time plans for the year will be discussed, programs arranged, registers and other forms distributed preparatory to Tuesday morning.

With the walls of all buildings tinted, the rooms thoroughly cleaned, a corps of well-trained experienced teachers ready for service, the schools extend a wide open welcome to the city's population of ages 6 to 20.

WED AT CLEVELAND.

Mr. Henry J. Shea, Jr., son of Mr. and Mrs. Henry Shea, of this city, and Miss Sara G. Quinlan, of Brooklyn, were married on Wednesday at Cleveland, Ohio. They will make their home at Cleveland where Mr. Shea has a splendid position. The many local friends of the groom in Maysville extend heartfelt congratulations and best wishes.

Boys bring your suit case to the band room at promptly 8 a. m., this will make more room in the touring cars and make the ride more delightful.

Our first concert will be played at the band stand at the fair grounds Sunday night at 7:30 o'clock.

The entire party will be at the Phoenix Hotel for breakfast dinner and supper. See that the children get to the band room in time to start.

Mr. John Cramer says the Phoenix Hotel will do all in their power to make the stay at the Phoenix a Kentucky pleasure.

In the party will be Mrs. P. G. Smoot, Mrs. A. L. Glascock, Mrs. Enos Myall, Mrs. C. D. Russell.

Charles Howe will be there all week to look after the cars. — J. Barbour Russell, Manager.

MRS. ELIZABETH CONCANON DIES IN CINCINNATI HOSPITAL.

Mrs. Elizabeth Concanon died at 7 o'clock Saturday morning at the Betts Street Hospital, Cincinnati, following an illness of a complication of diseases. She is survived by her husband, Mr. Martin Concanon, of Cincinnati, one daughter, Edith and one son, William, as well as one sister, Mrs. George Diener, of this city, and one brother, Mr. Charles Freund, of Cleveland, Ohio. Mrs. Concanon was born in Germany coming to this section when but a child. The funeral will be held in Cincinnati Monday morning at 11 o'clock and the body will be brought to Maysville on the noon C. & O. train and taken direct to the cemetery for burial.

CIRCUIT COURT OPENS MONDAY.

The September term of the Mason Circuit Court will be opened at the court house here Monday morning by Judge Newell. The first day will be spent in getting the grand jury together and setting the calendar of jury cases for the term. The petit jury will report and actual work will begin on Tuesday.

WATER CASE IS ON APPELLATE COURT DOCKET THIS TERM

Case Against Maysville Water Company Is Only Mason County Case In the Court of Appeals This Term.

The docket of the Court of Appeals for the Fall 1921 Term, which begins on Monday, September 19th, consists of 29 criminal cases and 310 civil cases. Of these only one case is from Mason county.

209. Purnell, etc., vs. Maysville Water Company.

This case will be called for submission on Friday, September 23rd, and if ready will be submitted. A case is considered ready when the brief for appellant has been filed. In the event that the appellant's brief or, either an agreement or motion for extension of time to file brief, has not been filed the case is dismissed; if steps for extension of time have been taken it is passed. Passed cases are called for submission on the second call of the docket, which is set by Roy Sack, Clerk of the Court of Appeals, for some day during the latter part of the term, and, if ready, are submitted; if not ready, they are either dismissed or continued to the next term. Submitted cases do not go to the court for immediate consideration and decision, unless advanced, but remain in the keeping of the Clerk until called by the Court for consideration. The extent of this period varies from six to eight months or more.

This county is in the sixth Appellate district and Judge E. S. Clark, of Falmouth, is the appellate Judge from this district.

All union barber shops will close at noon Monday—Labor Day. 1Sp3t

SCHOOL TEACHERS MEET WITH SCHOOL BOARD.

Teachers of all Mason county schools met Saturday at the court house with County Superintendent Turnipseed and the members of the County Board of Education and received final instructions for the opening of the school on next Tuesday morning. All schools in the county open Tuesday except Minerva.

SCHOOL INSPECTION SUNDAY.

Members of the City Board of Education will make an inspection tour of all the city schools on next Sunday to see that everything is in good condition for the opening of school Tuesday morning.

BAND HAD GREAT TRIP TO OHIO STATE FAIR

Local Musical Organization Makes Great Hit at Big Columbus Fair—Asked for Another Contract.

The success of the Maysville Boys' Band at the Ohio State Fair was little short of phenomenal and so pleased with the band was the management that the band was offered a contract for next year at a greatly increased figure. Manager Russell, however, will sign no contracts for next year until after February. Several other contracts were offered the band while at Columbus.

All the members of the band were greatly pleased with their trip. They were treated fine by all and were especially pleased with their treatment at the Chittenden hotel, their headquarters. They played a complimentary concert in the lobby of the hotel and the manager gave each boy a leather purse and each girl a vanity case as a souvenir.

Many prominent men complimented the band including Leon Feist, the big New York publisher whose hit "Peggy" the band is featuring. The Feist soloist sang the hit to the band's music on Wednesday and was endorsed three times. The Vice President of the New York Central railroad lines paid high compliment to the youthful musicians when they played at his company's exhibit of the oldest railroad train in the world.

Ten thousand post cards and ten thousand buttons were distributed among their fair crowds by the boys.

TRUCK TO CARRY BAND'S BAGGAGE TO LEXINGTON.

The management of the Maysville Boys' Band has procured a motor truck to carry all the band's baggage to Lexington Sunday. The truck will leave the band rooms promptly at 8 o'clock Sunday morning and all baggage must be there at that time. The boys will be taken through in motor cars and no baggage will be carried with them.

LABOR DAY IS TO BE CELEBRATED IN MAYSVILLE MONDAY

Labor's Annual Holiday Will Be Celebrated By Ball Games and Vaudeville Attractions.

Under the auspices of the Maysville baseball club a great celebration is expected to take place Monday, Labor Day, when all union labor and business in general will celebrate a holiday.

The big fun will start on Sunday when the first game of a two game series with the Portsmouth All-Stars is called at 2:30. The second game will be called on Monday at 1:30 and the greatest crowds of the season are expected to be out and size up our boys up against a real ball team. This will be a fine chance to compare our club with the fast Oakleys as the latter had the hardest job of the season defeating the All-Stars in a double header last Sunday. The Portsmouth club is the cream and pick of the Industrial League of that city and should we trim them we would enter the Oakley game with much confidence. Boskins and Niemeler are the pitchers for the game and the regular line up will be back of them.

Proceeding Monday's game our Boys' Band will give a concert at 1:30 during which the various field events will take place.

For the evening the local order of Redmen have arranged a comedy and musical program to be held at Beechwood Park, the proceeds also go to the ball club. Judge C. D. Newell will deliver a talk at 7:30 and the following program takes place in the pavilion of the park:

Kehoe Tolle, Balladist.
"Larry" Frost, "Human Cornet."
Nelson Bratton, monologue.
Louise Hunsicker, popular songs.
Harbeson's Aces of Syncopean.
Martin Clarke, ballads.
Schatzmann & Frost, comedy act.
Mrs. Charles Eitel, musical director.
And to bring it all to a grand close a public dance will be held at Beechwood with music by Hubbard, Hauke quaret.

SEPARATE SCHOOLS AND POLITICS.

The Courier-Journal has performed a distinct public service in calling attention to what it believes to be a common effort on the part of certain Democratic "county newspapers of hide-bound partisan tendencies" to defeat the pending amendments to the Constitution of Kentucky, one of which provides that the Superintendent of Public Instruction shall be appointed, taking the office out of politics; and the other that school funds shall be so distributed as to insure an efficient school in every district in the state.

Those who oppose these reforms do so from lack of information or from unworthy partisan motives. In dealing with the child-life of the commonwealth, the boys and girls in our own homes, and in the homes of our neighbors, who tomorrow will take our places and carry on our unfinished task, surely it is possible for all good and honest to rise above prejudice if it is ever possible for them to do so.

The education of the rising generation is the most sacred trust with which we are charged. Their training in the schools will determine not only what their own personal destiny is to be, but also the future of society. As they are afforded or deprived of advantages in the formative period of life so the world will go, so the progress of the race will be promoted or impeded.

Kentucky ranks far down toward the bottom in educational progress. Not many states are behind us in the total amount of money expended for education, in salaries paid the teaching force, in the equipment provided, in the character of the school houses maintained, in the regular attendance of children of school age, in the floor space provided, in the sanitary arrangements, in suitable sites for schools, and in the minimum length of the school term.

There are many schools with terms of only five months; with teachers whose salaries are below five hundred a year; with no water closets at all; with totally inadequate heating and ventilation; and with seats with no backs.

There are literally hundreds and thousands of these schools. Funds, under the proposed amendment, would be available for the correction of such evils. Moreover, with the removal of the office of Superintendent from politics, and with tenure of office, adequate salary and the opportunity presented to formulate a continuous educational policy, a big, broad minded, scientific, trained and conservative man could always be secured and given the power and leadership in the educational life of Kentucky.—Lexington Leader.

THE QUEER DOCTRINE OF REINCARNATION.

A strange doctrine this of reincarnation, of the previous existence of the soul at some remote period of the world's history in an entirely different body from that in which we have known it. It is exciting not a little speculation and discussion of late, and a book concerning it has been published with the title "Recurring Earth Lives," in which the author assumes to tell of the various incarnations which noted personages of present day knowledge and acquaintance have appeared in. Of course, it is all pure speculation, and must be accepted on the author's say-so, for there is no possible means of either proving or disproving it. Still it is a speculation that is not without interest. We remember that Tampa had an individual a few years back who claimed to be the reincarnation of Louis XIV., "la Grande Monarque" of France, who raised that nation to her greatest glory, in the seventeenth century, and laid the foundation by his pomp and extravagance for the Reign of Terror and the Revolution a century or so later. It must be admitted in behalf of the Tampan's claims that he bore a striking resemblance to the pictures of has claimed prototype.

Our author brings up a whole list of noted characters whom he claims have been on earth in past ages, and tells us exactly who and what they were. For instance, Theodore Roosevelt, not entirely unknown to fame, was a famous governor of Chaldea some 30,000 years ago. He appears to have had the incarnation habit, for we are told that he changed his sex, and was once married to Julius Caesar. We are glad to believe that he "was above suspicion" in that capacity. If he possessed the same restless energy which distinguished him on earth we can well believe there was no objection in the realm of souls to his assumption of another corporate body.

Ralph Waldo Emerson in a former life was Epictetus, the old Greek stoic philosopher; Alfred the Great was later Queen Victoria; William the Conqueror came back as Lord Kitchener; Virgil later delighted the world of poetry and was known as Alfred Tennyson, and so on ad infinitum. And why not? If the soul never dies as we are taught and believe, why should it not reappear in some future age in another shape and form?—Tampa Times.

Former Governor Osborn, of Michigan, recently choked a bear to death. He has nothing on Benine and the Russian Bear, the difference being that the aid of the United States will not be invoked to resuscitate Osborn's victim.

Bank clearings for the first seven months of 1921 were 20 per cent less than in the same period of 1920, but since prices have declined more than 20 per cent, the figures represent relatively more actual business.

RAINS GREAT HELP TO ALL FARM CROPS

Week Ending, August 30, Beneficial to Growing Vegetation, Report Shows; Late Fall Needed for Tobacco.

Louisville, Sept. 2.—A summary of weather and crop conditions in Kentucky for the week ending August 30, issued by the Weather Bureau here today, follows:

The week was decidedly favorable for the growth of crops and for farm work. The temperature averaged near normal and sunning was sufficient. Moderate showers occurred locally in the western counties, but there was little or no rain in the eastern district. Plowing for fall grain made good progress with the soil working unusually well. Late corn developed rapidly, generally having passed the silking stage. Early corn has matured and is beginning to dry. Alfalfa and seasoned crop clover improved considerably.

Some young clover that survived the drought is beginning to grow; but in most fields, particularly where the soil was thin, the clover is dead or the stand "spotted."

Late potatoes made splendid progress, the weather being ideal for this crop. Tobacco is doing well, but is being topped unusually late and will require a late fall to ripen properly. Some "wildfire" rust is reported from both the Burley and dark districts. Pastures continued excellent. Late gardens are good and vegetables plentiful. A fair crop of cowpea hay is being harvested.

EXPLODING LAMP ALMOST WIPES OUT FRANKLIN TOWN.

Frankfort. — Only the heroic work of citizens with buckets saved the village of Switzer from destruction when a lamp in the store of Mrs. Laura Green exploded as it was being turned out. This building, which housed the Odd Fellows lodge above, the Lee Jones building, with Red Men's hall above; Barber & Riddle store, on which the insurance had just lapsed all were destroyed, and the railroad station, blacksmith shop and W. H. Switzer home were damaged. The loss is \$15,000.

COLORED CITIZENS.

The district convention for Fleming and Mason counties of the Colored B. Y. P. U. which was to have met on the third Saturday in September at Flemingsburg has been postponed until the first Saturday in October, according to George Anderson, President.

DON'T MISTAKE THE CAUSE Many Maysville People Have Kidney Trouble And Do Not Know It.

Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidneys secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress. Heed the warning; don't delay—Use a tested kidney remedy. Read this Maysville testimony. Bryan Greenlee, proprietor grocery store, 238 West Third street, says: "About two years ago I had an attack of kidney trouble and I suffered a lot from backache. There was a deep seated pain across the center of my back. I was repairing machinery at that time and when doing any kind of stooping work I could hardly straighten up. My kidneys were not acting regularly and in other ways showed signs of disorder. I went to Wood & Son's Drug Store and got a box of Doan's Kidney Pills and began using them. They fixed me up in good shape and I have never been bothered since." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Greenlee had. UTOPIA NOT AT HAND—HARDING World May Never See Time When Armed Forces Will Be Unnecessary, War College Is Told.

Washington, Sept. 1. — President Harding, speaking today at the opening of the fall term of the Army War College, declared that "no matter where the best aspirations of the world lead us, there never may be a time without the necessity for armed forces."

The President in his brief address, however, pledged the 200 officers in his audience that during his administration they would never be called to perform military duties. "They could not enter into with all their heart and soul as Americans."

Referring to the situation in the West Virginia fields, the President declared:

"We ought not to have a conflict like that which is going on in West Virginia. It is due to lack of understanding."

Mr. Harding said there were "two relative essentials to the civilization to which we all aspire. One is an understanding in the home, and the other is an understanding between the nations. 'I wish with all my heart,' he added, 'that there will be less of armies and navies.'"

The United States Government, between 1840 and 1921, has circulated 2,703 varieties of postage stamps.

ROMAN'S IDEA OF THE IDEAL WIFE.

Rome. — The Piccolo, the evening edition of the Giornale d'Italia, has just concluded an interesting prize contest on social and romantic subjects. This time the question asked was, "Which is the ideal woman you would choose for your wife?"

I wonder how many men in the city of New York or Chicago would take the trouble of answering such a question. In Rome, according to the Piccolo, there were thousands upon thousands of them who thought the subject worthy of their time and attention. And, judging from the scores of answers printed, they were mostly men of a high degree of education.

The ytook the subject very seriously and gave it a great deal of thought, some of them quoting well known philosophers to support their arguments and some of them writing their answers in verse.

There were, of course, some who were humorous and flippant, but even they seemed to consider the subject of personal interest. One of them would choose a woman who, although not disregarding entirely the new fashions in dressing, has not yet shown more than one-half of her naked body to the passers-by.

"All women are of one type," says another, "for God did not create a second type. If he should do so before I am too old I shall marry the first one of the new type I shall chance to meet, for she must of necessity be better than any of the old type."

A poor, unfortunate husband says that he would choose any woman except his own wife. This one should have a medal for bravery. In the first place he signs his name and address, and, in the second place, he would take another chance anyway.

Naturally in a contest of this kind there were many blows to mothers-in-law. One of them states he would choose Eve so there would be no mother-in-law.

But not all the answers were of this sort. There were some full of noble and delicate sentiments. One of them says: "I would like to have for a wife a woman whom my children could one day venerate as I venerate my mother."

The first prize was awarded to the man who would choose a woman who would understand his virtues and forgive his faults.

CURIOUS WORTH FORTUNE STOLEN FROM PESUITS.

Baltimore, Md. — The museum of ecclesiastical curios collected over a period of scores of years by Jesuit priests and located on the fourth floor of Loyola college, was burglarized and hundreds of ancient and modern curios comprising one of the most valuable exhibits in the country, if not in the world, were stolen.

The theft was reported by the Rev. Joseph McEneaney, president of the college.

While the face value of the coins is in itself great, the worth of the collection from numismatic standpoint will run into thousands of dollars.

The theft was apparently perpetrated by persons knowing the value of the collection above the face value of its hundreds of units. Nothing else in the museum was touched.

A Chinese motion picture company, financed by a Chinese merchant and having a business and acting staff composed almost exclusively of Chinese, with a Chinese leading woman is organizing in Los Angeles, Calif. The pictures will be titled in English and in Chinese, for use in this country and in China.

New York Letter

by Lucy Jeanne Price

New York. — Once more New York is at its best. Thousands of persons have come back to town within the past week, dozens of theaters have opened, with a good many exceedingly good productions among them; the roofs have started up once more—in spite of the pessimism anent prohibition's effects—and most old-timey of all—visitors are pouring in upon us from all parts of the country. Three hotel managers have told me that the rush of business had almost taken them off their feet. And one theater ticket agency manager said: "Our society list suddenly came to life two whole weeks before we expected it." Is it the weather or a return of the signs of material prosperity throughout the country?

—NY—
The most satisfying discovery one can make, it seems to me, is that of a man or woman who has lived through other generations and smiles upon the present one and its age with complete approval. There is something fundamental involved—the hope in progress or something of that sort—I think. So Mrs. James Packard, of the calm borough of Brooklyn, gives me a thrill of joy. She is 84 years old, for one thing, and she says, "Short skirts are much more sensible than the trailing ones. I was bothered with them when I was a girl, and peepaboo waists are really pretty. I like bobbed hair, too. It's both comely and comfortable. People are just beginning to learn to live."

—NY—
Who remembers the Cherry Sisters? The original Cherry Sisters of Iowa, who so surprised the vaudeville audiences that they made a country-wide hit? They are coming back! Will Morrissey, who is known as a manager who will take seeming chances, intends to prove that he has the courage of his convictions by producing at one of the leading theaters a revue in which those Cherry Sisters will be featured. All particulars are withheld to the end that Broadway will get the full force of another surprise.

—NY—
Don't take your picnic tricks automobiling. John Ness, of Long Island City, is considering having that little order painted on the side of his car. In the meantime his women friends have got to reform their manners or he's off'n 'em. He was arrested the other day because he was zigzagging his auto down a hill and they charged him \$5 for careless driving. All because of a combination of misplaced playfulness and a few caterpillars! "Those two women friends of mine in the car made all the trouble," explained Ness. "They had some caterpillars and they were trying to put them down my back. I don't like bugs anyhow and especially under my shirt. That's what made the car zigzag."

—NY—
A Buddhist shrine from Tibet, with Tibetan carpet, prayer mat, temple guardians, altar vessels, images, sacred banners and holy book reciting the praises of Buddha have been placed on exhibit at the American Museum of Natural History. The collection was made by Alexander Scott, a British artist who far 26 years made his home in Darjeeling, India, on the highway to Tibet.

The problem of the poor artists

again! Where is he to go? He ruins his own possibility of having a home regularly, no matter where he tries it. A few years ago, the New York artists began to drift into Greenwich Village—the Washington Square section—because it was a cheap place to live. They took some tenements and attics and barns and what-not and fixed them up to suit their needs and leaned back to enjoy economy. Presto! The uptowners heard about it—"such atmosphere!" And down they came to offer the landlords increased rents for the newly fixed studios. The artists had to move. They were too poor to compete. Their MacDougal Alley was taken away by wealthy amateurs. They penetrated farther below 14th street. The curse of popularity followed them. Until now they are looking around hopelessly for a poverty-stricken district of the city where they can afford to flee—knowing full well the tragic truth that as soon as they get settled there they will attract more wealthy amateurs and will themselves have to move on!

—NY—
Julia Sanderson, the ever-young! Not that she isn't young, but she can't be anywhere nearly as young in years as she looks on a date and actually is. In "Tangerine," the gay new musical comedy at the Casino, she is the same Julia who captured the country in "The Sunshine Girl," young, sweet and insouciant.

YOU KNOW THAT FEELIN'

WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation, otherwise I would be a sickly woman and could not have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would not help me. For the first four months I could do but little work, had to lie down most of the time, was nervous and could eat hardly anything, but my husband was always reminding me to take the 'Vegetable Compound,' which I did. Of my eight children this last one was the easiest birth of all and I am thankful for your 'Vegetable Compound.' I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. NATALE, 72 Fremont St., Springfield, Mass.

Sickly, ailing women make unhappy homes, and after reading Mrs. Natale's letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is surely worth while.

growing season have resulted in the very low yield of 250,469,000 bushels of wheat or about 50,000,000 bushels less than the quantity normally consumed in that country. With the rice crop also seriously affected, India is expected to import wheat this year instead of exporting it. In an average year before the World War, India exported over 50,000,000 bushels of wheat.

In Canada the total yield of spring wheat is estimated at 273,020,000 bushels, of which 264,137,000 bushels were grown in Saskatchewan, Manitoba, and Alberta. Fall wheat, grown almost exclusively in Ontario and Alberta, was estimated at 15,473,000 bushels. The total wheat yield of Canada for 1921 is therefore 288,493,000 bushels, compared with 263,189,000 bushels last year.

A very unsatisfactory feature in the present international situation is the hopeless condition of the Russian crops. Unofficial reports state that during last autumn and the spring of this year only a very small area was sown to the various crops, resulting in a failure to produce sufficient food for the country's needs. It is also reported unofficially that a considerable amount of wheat will yet be imported by Russia this year. But up to the present time the amount of wheat, as well as other foodstuffs, which will be imported is conjectural, and the Bureau of Markets and Crop Estimates is unable to make a definite statement concerning it.

In Northern Africa, the wheat crop was generally larger than last year. In Algeria, threshing results show a better yield than was expected earlier in the season. In Tunis, bad weather reduced the yields somewhat from those expected earlier while in Morocco the crop was generally reported as satisfactory. According to estimates published by the International Institute of Agriculture at Rome, these three countries are expected to produce, for 1921, a yield of 66,138,000 bushels of wheat, compared with 36,743,000 bushels in 1920.

SUMMARY OF STATE FACTORIES IS ANNOUNCED

Census Bureau Announces Summary of Manufactures in Kentucky.

Washington. — A preliminary statement of the general results of the 1920 census of manufactures, covering the year 1919, for the State of Kentucky was issued by the Bureau of the Census, Department of Commerce. The figures are subject to change and correction as may be found necessary from a further examination of the reports.

The census of manufactures, 1919, like that of 1914, excluded the hand trades, the building trades, and the neighborhood industries, and took account only of establishments conducted under the so-called factory system. The word "establishment" as used in the census reports may mean more than one mill or plant, provided they are owner or controlled and operated by a single individual, partnership, corporation or other owner or operator, and are located in the same town or city.

The reports were taken for the calendar year ending December 31, 1919, or the business year of the establishment most nearly conforming to that calendar year.

The census inquiry calls for the total amount of capital, both owned and borrowed, invested in the business, but excludes the value of rented property. In addition to the component materials which enter into the value of products the cost of materials in this summary includes the cost of fuel, mill supplies, and rent of power and heat.

The value of products represents their selling value or price at the plants as actually turned out by the factories during the census year, whether sold or on hand.

SUNDAY SCHOOL LESSON.

SEPTEMBER 4, 1921.

Topic: Paul Under Persecution. Acts 16:23-34.
REV. J. J. DICKEY.

When Jesus commissioned His twelve disciples to go into all the world and preach the gospel to every creature, he advised them of the opposition they would encounter. He told them they would receive the same treatment that had been accorded Him.

Paul and Silas are now realizing the fulfillment of this prophecy, and Timothy and Dr. Luke, who have joined them are having a taste of persecution also. We find this advance guard of Christian civilization in the city of Philippi, in Macedonia—named for the father of Alexander the Great—preaching the gospel. The Holy Spirit writes conviction on a woman fortune-teller, and she declares that these men are the servants of the Most High God. She follows these men through the streets proclaiming this fact. Paul turns upon her and commands the "spirit of divination to come out of her." This ended her fortune telling and the men who had profited by her art were angry when they saw "the hope of their gains was gone," and they had Paul and Silas arrested, tried "for teaching customs not lawful for Romans to receive," condemned, punished by "beating them with many stripes" and cast into prison.

"At midnight Paul and Silas prayed and sang praises unto God." Suddenly a great earthquake shook the foundation of the prison, the prison doors flew open and the hands of the prisoners were loosed. The jailer frightened beyond measure was about to commit suicide when Paul stopped him, crying out: "We are all here." The jailer and his household were converted. It was a great occasion. God was bearing testimony to the divinity of their commission, and His power to save men from sin, and He is still saving men through the preaching of the gospel by heaven-appointed men.

From Philippi this company of evangelists proceeded to Thessalonica, passing through the large cities of Amphipolis and Apollonia, perhaps because there was no synagogue or Jews there. Here they find a synagogue and of course Jews. These Jews scattered through all the cities of the Levant, taught the great doctrine of one God, against the doctrine of many gods which was believed and taught by the heathen, so that their presence and teaching prepared the way for the gospel, making a sort of background for its propagation.

The Philippi experience was noteworthy because it was the introduction of the gospel into Europe, which led to the conversion of our ancestors, and to the present great movements for the evangelization of the world. Nor has the opposition which Paul and his company encountered at Philippi ceased. The teachers of false religions everywhere oppose the teaching of God's Word and so do business men when their teachings interfere with their profits.

The East India Company refused to carry Robert Morrison to India in their ships because they thought that the introduction of Christianity into that country would interfere with their business. Men in both heathen and christian nations are so blinded by sin that they stand in the way of their highest and best interests. Such is poor, fallen, degenerate man till he is renewed in righteousness by the power of God.

Miss Christine Crowell, of the telephone force, accompanied by her mother, will leave Monday on her vacation for Lexington where they will take in the fair. They will visit Cincinnati, Dayton, Ky., and other points before they return.

Mr. Eugene Browning left Saturday morning for his home at Flemingsburg after a visit with his aunt, Mrs. G. C. Browning, of East Second street.

Mrs. A. L. Merz and daughter, Miss Dorothy left Friday for a several weeks' stay at New York and other Eastern points.

Mr. Charles Murphy, of St. Louis, is spending his vacation here with his parents, Mr. and Mrs. P. J. Murphy, of Fourth street.

Mr. and Mrs. W. H. Means, Miss Ida Wall and Mrs. Norwood, returned Friday from Park Lake where they spent the summer.

Mr. and Mrs. W. W. Wilcox leave Sunday for Pens Springs, Va., to spend a two-weeks vacation.
